

FIRST THINGS FIRST

The right system for bright futures

MEMORNADUM

TO: White Mountain Apache Tribe Regional Partnership Council

FROM: Rochelle Lacapa, MPH, Regional Coordinator

DATE: December 18, 2008

SUBJECT: Request for Grant Application Logic Models

The attached logic models are intended as tools to help flush out regional strategies as well as to begin creating the scopes of work for the request for grant applications (RFGA) process. These documents will continue to develop and grow over time and should only be viewed as a rough draft or starting point. However, the “spirit” of the logic will remain intact as that reflects the overall intent of the Regional Partnership Council.
